About: Mathematics and Computer Science Mathematics and Computer Science (MCS) is an international research journal of rapid publication devoted to the publication of significant articles in all areas and sub-areas of mathematics and computer science with applications. The journal aims to publish original research articles, review articles and short communications, in all areas of mathematics and computer science. PROBLEM POSING - EDC PROBLEM POSING. Students have asked me, on several occasions, "Is there any math after calculus?" These students have been given the impression that the world of mathematics is both finite and linear (the classic algebra-through-calculus sequence).
