Both date back to the 18th and 19th centuries. The drastic social changes of that period, such as industrialization, urbanization, and the rise of democratic states caused particularly Western thinkers to become aware of society. The oldest sociological theories deal with broad historical processes ... Resource Centre - ict4lt.org CALL resources. The main aim of the ICT4LT website is to provide a collection of ICT training materials for teachers of foreign languages (see below). It is not intended to be a collection of CALL resources for use by language teachers in the classroom for teaching a specific language or by individual learners studying a language independently. Educational technology - EduTech Wiki 1 Introduction. Educational technology, sometimes shortened to EduTech or EdTech, is a wide field. Therefore, one can find many definitions, some of which are conflicting. Educational technology as an academic field can be considered either as a design science or as a collection of different research interests addressing fundamental issues of learning, teaching and social organization. Education - Wikipedia Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators and also learners may also educate themselves. Education can take place in formal or informal settings and any ...
